

Assateague Island National Seashore
and
Chincoteague National Wildlife Refuge
in association with
Studio Art Quilt Associates
presents

Piecing Together a Changing Climate

a professional juried traveling art show

Join us for a free opening night reception
on August 15, 2016 from 6 – 8 pm

Guest speaker Dr. Steven Pawson,
Chief of the Global Modeling and Assimilation Office
at NASA Goddard Space Flight Center will present

*"Vital Signs of a Changing Planet:
NASA's observations and computer models of
the climate system"*
at 6 pm.

Light refreshments provided by
Chincoteague Natural History Association
and
Assateague Island Alliance
immediately follow the presentation.

This show will be on exhibit
in the Herbert S. Bateman Center
on the Chincoteague National Wildlife Refuge,
8231 Beach Road, Chincoteague, VA
from August 15 through September 15, 2016
9 am – 5 pm daily.
